VINTAGE 2020

« This wine has an intense color with purple hues and a fresh aromatic palette. The aromas of fresh red fruits combine perfectly with hints of toast and spice. The palate has a nice volume, with a lot of greed and a feeling of length and silkiness at the end of the tasting. The tannic structure is characterized by sapidity and by a chalky side, typical of great chalky terroirs.

It is a beautiful bottle which confirms the remarkable character of this vintage which will be remembered for a long time in Bordeaux. »
