MOULIS-EN-MÉDOC

« Tannins and ripe black-currant flavors mark this wine with potential.  
It is balanced with a structure that highlights juicy fruitiness.  
Spice and perfume come from the combination of the two Cabernets,  
with a more luscious contribution from Merlot. »

MOULIS-EN-MÉDOC

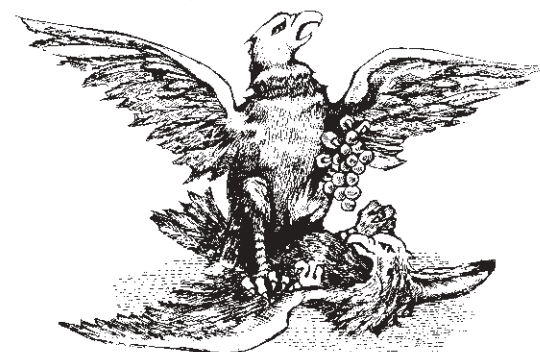

*This is a concentrated in colour with dark cassis fruits  
and aromatics on the nose.*

*It has an attractive weight through the palate and opens up in  
the glass, though a little less fully fleshed out than some and  
comes accros as subdued right now.*

MOULIS-EN-MÉDOC

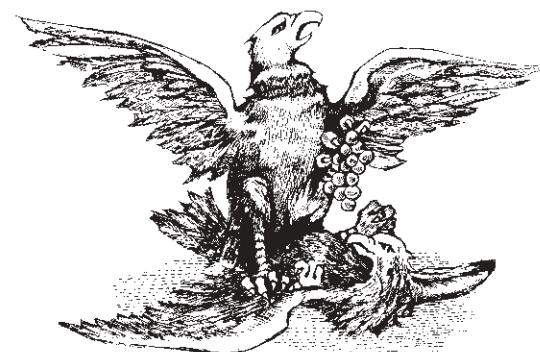

*Good fresh cassis fruit with fluffy but firm tannins, medium body, crisp acid and a relatively short length. Lovely purity of fruit here, and while it's of limited complexity, there's an appropriately savoury finish.*
